Stock-Reducing Sale of Carpets, Rugs and Draperies

We have considered neither cost prices nor values in re-marking most of these lines—simply put prices on the goods that will close out the greatest quantity of stock in the shortest time. This sale is one of immediate and vital interest to every householder in Topeka, and every out-of-town reader of this newspaper—coming, as it does, in mid-season, when the demand for this merchandise is at its height. We believe no sale comparable to this for variety, values and savings has ever taken place in Topeka. Selections can be made from some of the best grades of floor coverings and draperies that the markets of this and foreign countries afford. Our high standard of values and rigid inspection of qualities has barred from this stock any but merchandise of the most reliable kinds—a precaution which adds greatly to the worth of the savings offered you now.

Set down in one column the cost of the furnishings you must buy this Spring—in another, list the same goods at our sale prices. Add and subtract. The difference will represent savings that very few persons would willingly waste by neglecting to buy at once.

Let nothing prevent your being present at the opening of this sale tomorrow morning. Some of the lots are in small quantities—many of these being the best bargains in the sale. These will go first
